STUDENTS WILL:

- Learn about careers in engineering
- Engage in team design projects that apply engineering concepts
- Tour companies where engineers work
- Meet and talk with real engineers
- Stay in the ICC Engineering Center dorms
- Eat a lot of pizza and meet cool people

PROJECTS

Senior High Camps (10th gr – college): Will be exposed to a medley of projects focusing on the major engineering disciplines. Project examples: radio control devices, hovercrafts, chemistry creations, structural designs, electrical components, computer graphics with inventor software & video presentations.

Jr. High Camps (7th – 9th grade): Will work in teams to complete Rube Goldberg Projects; incorporating “Mind Storm Robotics” and other physics, structural and electrical concepts.
