

EXERCISE AND SPORT SCIENCE/ FITNESS/SPORTS MANAGEMENT

Itasca Community College-University of Wisconsin-LaCrosse

Students in sport management become highly trained managers who find success in complex and varied sports settings. The program incorporates a broad base of course work in many disciplines, including exercise and sport science, business and communication skills.

Students who desire to major in sport management must apply to the program after completing (or be in the process of completing) 45 semester credits. Final selection for entrance into the sport management emphasis is limited. Students must meet selection and retention criteria and complete a semester internship. Other areas of emphasis include: Fitness, Physical Education Teacher Certification, and Athletic Training. Please see most recent UW - LaCrosse catalog for specific requirements for each of these areas.

The above curriculum will allow the student to leave Itasca Community College with an Associate in Arts (A.A.) degree. The A.A. degree fulfills the general education requirements at the University of Wisconsin, LaCrosse. The student transfers with junior standing with two years left to complete the major in Exercise and Sport Science: Sports Management. **Students not pursuing an Associate degree at Itasca will not be eligible for state or federal financial aid through ICC.**

Admission requirements: 2.75 G.P.A.

Application deadline: Early application recommended. Please see your counselor.

Minnesota residents planning to attend University of Wisconsin, LaCrosse, can obtain a reciprocity application by stopping in the ICC Records Office in Room 108 of the College Center Building or by writing to:

Reciprocity Program - Wisconsin
Minnesota Higher Education Services Office
400 Capitol Square Building
550 Cedar Street
St. Paul, MN 55101-2292
