* Some students do not provide us with the information needed to determine age.

** Many new students submitting applications were found to have taken a workshop or class at Itasca in previous years. Therefore, these new students are really returning students. That is why the number of cancellations is not always the difference between the number of applications minus the number enrolled.

*** In 1996/97 Itasca trained a group of firefighters which resulted in a significant increase in part-time enrollment and male headcount.
