

Student Pre-Requisite Planner

- Pre-requisites do NOT have to be completed prior to applying to the program. A plan for completion prior to the fall start needs to be in place (indicate when you plan to take courses). All Pre-requisites must be complete prior to entrance into core PRNU courses with a GPA of **2.5** or greater.
- Completely fill out this planner. If you have not completed a requirement prior to application, note when and where you have made plans to be successful in your completion.
- This planner does not replace your official transcripts. This form will be informally used to determine readiness to enter the Practical Nursing Program.
- Contact the counselor for testing out options for math, English and computer using Accuplacer.
